

# ZOOM WORKSHOP

## Are you an Ag Producer or an Ag-Based Rural Small Business?

Did you miss our June workshop on  
**Climate Battery Systems for Greenhouse  
Operations?**

That's a shame, because that workshop was  
**LOADED** with information for greenhouse  
operations that went well beyond the "what  
and how" of Climate Battery Systems.

Things like Grow Bed Systems, Solar  
and Battery Backup, and designs that  
incorporate kitchens, saunas, pools,  
restaurant gardening and even school  
projects!

**But here's the good news:**

**Michael Thompson  
of Eco Systems Design, LLC  
is back with an updated presentation  
that includes all the basics *plus*  
updates on existing projects!**

**You can register for the workshop now!**

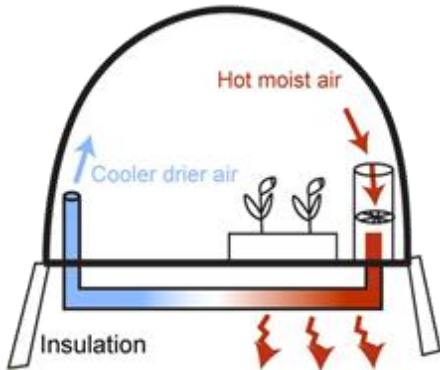

**"Climate Battery Systems for Greenhouse Operations"  
Tuesday, September 28, 2021 at 11:00 a.m. EST**

To register for this Zoom Workshop  
and get your Zoom invitation, please  
email

[jo-anne@rifarmenergy.org](mailto:jo-anne@rifarmenergy.org)

We'll send you a reminder for the workshop a week  
or so before the workshop  
and we'll send the Zoom invitation a few days  
before the workshop!
